The name of the project is "Young People face to poverty and social exclusion".

Who we are:

Le Foyer des Jeunes des Marolles is a youth center situated in a disadvantaged quarter in Brussels. It was established in 1961 by the initiative of Abbé Jacques van der Biest in a context of fight against social exclusion, poverty and housing rights. We regret to note that 50 years later we still face these problems, even if their form has changed somewhat over time.

The fight against poverty and against social exclusion are central to our front-line work everyday. Faced with these problems, we develop many areas of work such as tutoring, open reception area for youth, support for projects ...

Another of our areas of work, who knows more and more success is to enable young people who attend our association to participate in seminars and training courses held throughout Europe in the framework of Youth in Action and activities of the Directorate of Youth and Sport of the Council of Europe.

Today, after participating for several years at numerous seminars and training courses in Europe and the Mediterranean, the Youth center Marolles is willing to organize a seminar turn around the theme that we mentioned earlier. - A theme that we particularly feel.

Our objectives:

To share experiences and practices to fight against poverty and social exclusion and reflect about possible solutions together.

To exchange the different realities in the different countries that will participate about the topic.

To present the YiA Programme and CoE and its many opportunities.

To bring organizations together in order to create future collaborations.

To learn new skills and tools to fight against poverty and social exclusion

To undertake concrete actions on the field in collaboration with associations that fight against poverty and social exclusion in Brussels.

Concurso para músicos y grupos de pop rock de los 27 países europeos

La Fundación Santander 2016 convoca un concurso EuroDemo para músicos y grupos de pop rock de los 27 países europeos, en colaboración con Myspace. El primer concurso europeo de maquetas de pop y rock y otras disciplinas artísticas relacionadas.

EuroDemo es un concurso europeo que tiene como objetivo promover, difundir y premiar a grupos musicales, ilustradores, realizadores de videoclips y diseñadores de la Unión Europea. A través de la plataforma MySpace.com y con la colaboración de la discográfica Subterfuge, EuroDemo Santander 2016 es un proyecto amplio que se presentará el día 13 de marzo con una jornada de conciertos en el Palacio de los Deportes de Santander, y culminará con la gran final en el mes de noviembre, donde actuarán los 27 finalistas representantes de cada uno de los países.

La finalidad de EuroDemo Santander es crear una verdadera red de comunicación y contactos entre los agentes involucrados en las diferentes disciplinas artísticas relacionadas con la música, a través de una convocatoria anual que con los años irá sumando cauces y estableciendo redes.

El plazo de inscripción termina el 13 de Mayo de 2010.
